

Like so many organizations, NAV CANADA and its employees were moved by the plight of the people of Haiti in the aftermath of the January 12 earthquake.

On January 14, we offered to match employee donations made to agencies participating in Haitian relief efforts, between January 12 and February 12, with a corporate contribution to the Canadian Red Cross.

The response was immediate and overwhelming, and as of January 20, employees have contributed over \$43,000 to various charitable organizations involved in relief efforts, which also qualifies their donations for the government's donation match.

Because the need is so urgent, NAV CANADA has issued a \$25,000 cheque to the National Office of the Canadian Red Cross and will provide the balance of our donation shortly after February 12.

We'd like to acknowledge the generosity of NAV CANADA employees, who demonstrate their humanitarian spirit time and time again.
