1. Purpose

This Corporate Fraud Policy has been established to support NAV CANADA’s corporate values and ethical environment and to aid in the detection and prevention of fraud against NAV CANADA. This Corporate Fraud Policy is designed to ensure employees, as well as persons and organizations working at or on behalf of NAV CANADA understand that NAV CANADA has a zero tolerance approach to fraud.

2. Scope

This policy applies to any fraud, or suspected fraud perpetrated by any individual or group against NAV CANADA.

A fraud risk management program is in place at NAV CANADA, under the guidance of the Fraud Committee. Specific responsibilities of the Fraud Committee relating to the program are outlined in the Fraud Committee Charter. The Fraud Committee Charter is set out in Appendix A.

3. Definitions

NAV CANADA defines fraud as any intentional act to deceive the Company resulting in the Company suffering a loss and/or the perpetrator achieving a gain.

4. Policy

Fraudulent actions are strictly prohibited. Disciplinary or legal action which may include involvement of external agencies such as law enforcement and/or regulatory agencies may be taken against an individual or group who commits a fraud against the Company.

All reported cases of fraud or suspected fraud will be investigated.

Any investigative activity required to substantiate fraud will be conducted without regard to the suspected wrongdoer’s position/title, length of service, or relationship to NAV CANADA.

Employees should not attempt to personally conduct investigations, interviews or interrogations related to any suspected fraud.
Any inquiries regarding whether an action constitutes fraud can be directed to a member of the Fraud Committee or the Internal Audit department.

5. Responsibilities

All NAV CANADA personnel have a duty to report fraud or suspected fraud as soon as possible once they become aware of it to their manager or as per the procedures outlined in the “Reporting Violations” section in the Code of Business Conduct.

Managers

Every Manager is responsible for understanding the types of fraudulent activities that may occur within their respective area of responsibility, and be alert for any indication of fraud. Managers are accountable for ensuring that appropriate activities to prevent and detect fraud are implemented.
