

NOTICE OF CONSULTATION

Canadian ADS-B OUT Performance Requirement Mandate

NAV CANADA, the country's provider of civil air navigation services is conducting an Aeronautical Study to deliberate a requirement for a Canadian Automatic Dependent Surveillance – Broadcast (ADS-B) Out performance requirement mandate, to enhance surveillance services and provide air traffic control (ATC) with more accurate information to safely separate aircraft in the air in order to improve efficiency and aviation safety.

Additional information is available in the Terms of Reference (TOR) document located on the NAV CANADA web site via the following link:
