

## **NOTICE OF CONSULTATION**

### **NAVAID Modernization**

NAV CANADA, the country's provider of civil air navigation services is conducting an aeronautical study to examine the proposal to decommission some non-directional beacon (NDB) and very high frequency omni-directional range (VOR) navigation aids (NAVAIDs) in support of a plan to transition to a satellite-based air navigation system.

Additional information is available in the Terms of Reference (TOR) document located on the NAV CANADA web site via the following link:

[Link to TOR](#)

NAV CANADA will consult with customers and stakeholders on this aeronautical study during the Spring 2017. For questions regarding this study please contact:
