

NOTICE OF CHANGE

Mandatory Frequency Buffalo Narrows, Saskatchewan

The NAV CANADA Regina Flight Service Station (FSS) provides Remote Aerodrome Advisory Service (RAAS) from 1400Z to 0200Z daily for the Buffalo Narrows airport on the mandatory frequency (MF) 122.3 MHz. Due to interference problems the MF will be changed to **118.65 MHz.**

This change will occur in December 2018. Monitor NOTAM for the exact date and time. The appropriate aeronautical publications will be amended 28 February 2019.
