

AERONAUTICAL INFORMATION CIRCULAR 29/21

CHANGE IN HOURS OF COMMUNITY AERODROME RADIO STATION AT DAWSON CITY, YUKON

NAV CANADA, the country's provider of civil air navigation services, assessed the hours of operation of the community aerodrome radio station (CARS) at the Dawson City Airport (CYDA). The assessment concluded that the hours of operation of the CARS can be modified to better service the airport.

The hours of the CARS at Dawson City will be changed to:

Hours	Effective Dates
1500Z to 0000Z	1 December to 31 January
1400Z to 2300Z	1 February to 31 May
1200Z to 0200Z	1 June to 30 September
1400Z to 2300Z	1 October to 30 November

As a result of this change, the Surface Weather Observation Program (aerodrome routine meteorological report [METAR] / aerodrome special meteorological report [SPECI]) hours will be changed to match the CARS hours.

The aerodrome forecast (TAF) hours will become:

Effective Dates	Validity	Issued At
1 December to 31 January	1700Z to 0000Z	1700Z, 2100Z
1 February to 31 May	1600Z to 2300Z	1600Z
1 June to 30 September	1400Z to 0200Z	1400Z, 2100Z
1 October to 30 November	1600Z to 2300Z	1600Z

This change will take effect 2 December 2021 at 0901 Coordinated Universal Time (UTC). The appropriate aeronautical publications will be amended.
