

# AERONAUTICAL INFORMATION CIRCULAR 7/23

## COMMERCIAL BROADCASTING STATIONS

Data on commercial broadcasting stations is no longer maintained by NAV CANADA, and will be removed from all NAV CANADA aeronautical products. Specifically, the station data will be removed from the Canada Flight Supplement Section D, "Radio Navigation and Communications" and the VFR Navigation Charts (VNC) at the next scheduled updates of these products.

Up-to-date information on commercial broadcasting stations can be found by searching the [Spectrum Management System Data](#) on the Canadian government's [Spectrum Management and Telecommunications](#) web pages.

This aeronautical information circular (AIC) will expire 05 October 2023.

For further information, please contact.
