

## AERONAUTICAL INFORMATION CIRCULAR 8/23

### CHANGE IN HOURS OF AIR TRAFFIC CONTROL SERVICE REGINA INTL, SASKATCHEWAN (CYQR)

NAV CANADA, the country's provider of civil air navigation services, conducted an assessment of the hours of operation for the air traffic services provided at the Regina International airport.

The assessment concluded that the seasonal variation in the hours of operation of the Regina Control Tower and Flight Service Station (FSS) can be eliminated. This will allow:

- control services to be provided throughout the year, for 16 hours per day, from 1200Z to 0400Z (0600 to 2200 local); and
- the Airport Advisory Service (AAS) and Vehicle Control Service (VCS) to be provided throughout the year, for 8-hours per day, from 0400Z to 1200Z (2200 to 0600 local).

**This change will take effect June 15, 2023, at 0901 Coordinated Universal Time (UTC).** The appropriate aeronautical publications will be amended.
