

AERONAUTICAL INFORMATION CIRCULAR 25/23

AVIATION WEATHER WEB SITE (AWWS) DECOMMISSIONING

On November 22, 2023, NAV CANADA will be decommissioning the Aviation Weather Web Site (AWWS), which has been a source of weather information for Canada's aviation industry since 2002.

All features and information that were previously found on AWWS can now be accessed through the Collaborative Flight Planning Services (CFPS) site. This change lets clients access weather information through a modern platform that also consolidates features such as NOTAMs and flight planning tools.

CFPS can be accessed thru this link. <https://plan.navcanada.ca/>

This AIC expires on December 28th, 2023.
