## CONCLUSION OF ASSESSMENT

Lloydminster, Peace River, and Rocky Mountain House, Alberta -  
Navigational Aid (NAVAID) Requirements

Pursuant to Section 15 of the Civil Air Navigation Services Commercialization Act, S.C. 1996, c. 20 (the ANS Act), the Notice of Proposal period, regarding NAV CANADA's amendment of civil air navigation services in the vicinity of Lloydminster, Peace River, and Rocky Mountain House Airports, Alberta, has concluded.

NAV CANADA has reviewed the representations received from stakeholders and other participants regarding the proposed amendment. The evaluation identified new information that had not previously been provided during the earlier stages of the aeronautical study process. This information has been considered in the assessment.

As a result, NAV CANADA will now engage Transport Canada for regulatory review on the following amendments to civil air navigation services:

- Decommission the Lloydminster (YLL) NDB, Peace River (YPE) VOR/DME and the Rocky Mountain House (YRM) VOR/DME.
- Revoke the following instrument approach procedures:
  - Lloydminster, AB – NDB RWY 26
  - Peace River, AB – VOR/DME RWY 04 and VOR/DME RWY 22
- Publish RNAV 'Q', 'T' and 'L' routes in place of the revoked VHF airways and air route segments, as required.

Any further comments or questions may be provided in writing to the following address:
