SAFETY POLICY

"Safety and quality are more than a set of policies and standards – it's a mindset and a shared responsibility. It comes to life in the daily actions and decisions of every team member at NAV CANADA."

Mark Cooper, President and CEO

The requirements of this policy can be grouped into the following areas:

Safety is a priority

Safety Management System (SMS), & SMS responsibilities

Safety Culture, Safety reporting/ Just Culture

Compliance, and safety and quality assurance

Management accountability

Safety performance

Safety risk management

Supportive environment

Open communication, collaboration

Human performance
