## CONCLUSION OF ASSESSMENT

### Peterborough, Ontario - Air Traffic Service Requirements

Pursuant to Section 15 of the Civil Air Navigation Services Commercialization Act, S.C. 1996, c. 20 (the ANS Act), the Notice of Proposal period, regarding NAV CANADA's amendment of civil air navigation services at Peterborough, Ontario, has concluded.

NAV CANADA has reviewed the representations received from stakeholders and other participants regarding the proposed amendment. The evaluation confirmed that all relevant information had been appropriately submitted at earlier stages of the aeronautical study process.

As a result, NAV CANADA will now engage Transport Canada for regulatory review on the following amendments to civil air navigation services:

- 1) Implement Airport Advisory Service (AAS), Vehicle Control Service (VCS) and Ground Advisory Service (GND ADV), 15 hours per day from 0600 local to 2100 local,
- 2) Install an Automatic Terminal Information Service (ATIS), and
- 3) Establish a means of surveillance to approximately 200 feet Above Ground Level (AGL) within the 5 NM CZ at the Peterborough Airport and to 1,000 feet AGL within 10 NM of the airport.

Any further comments or questions may be provided in writing to the following address:
