

NOTICE OF CHANGE

Mandatory Frequency Yorkton, Saskatchewan

The NAV CANADA Regina Flight Service Station (FSS) provides Remote Aerodrome Advisory Service (RAAS) from 1200Z to 0400Z daily for the Yorkton airport on the mandatory frequency (MF) 122.2 MHz. Due to interference problems the MF will be changed to **119.65 MHz**.

This change will occur in December 2018. Monitor NOTAM for the exact date and time. The appropriate aeronautical publications will be amended **28 February 2019**.
