

## AIP CANADA SUPPLEMENT 43/23

### MULTIPLE SHIPS EQUIPPED WITH CRANE—VICTORIA, BC

Multiple ships equipped with cranes will berth weekly on Thursdays and Sundays between the months of May and October in Victoria, BC. The maximum height is 312 feet above sea level (ASL). The structures will be lighted and not painted.

The ships will be located within a 135-foot radius centered at the following coordinates:

48° 25' 01.72" N 123° 23' 25.21" W

The ships are approximately 632 feet southwest (SW) of Victoria Harbour (Camel Point) (Heli) (CBF7). Details of any procedure changes implemented due to this crane activity will be promulgated via NOTAM, publication amendment, or both.
