## CONCLUSION OF ASSESSMENT

### Waskaganish Airport - Navigation Requirements

Pursuant to Section 15 of the Civil Air Navigation Services Commercialization Act, S.C. 1996, c. 20 (the ANS Act), the Notice of Proposal period, regarding NAV CANADA's amendment of civil air navigation services at Waskaganish, Quebec, has concluded.

NAV CANADA has reviewed the representations received from stakeholders and other participants regarding the proposed amendment. The evaluation confirmed that all relevant information had been appropriately submitted at earlier stages of the aeronautical study process.

As a result, NAV CANADA will now engage Transport Canada for regulatory review on the following amendments to civil air navigation services:

- Decommission the Waskaganish (YKQ) NDB; and
- Revoke the associated Waskaganish NDB A instrument approach procedure, and air route AR36.

Any further comments or questions may be provided in writing to the following address:
